

Book 41 Netzech Israel Lo
Ishaker Eternal Israel does
not Lie Moshe Siselsender

Do dogs cats other animals
birds insects all other living
creatures get Olem Habo -go
to heaven? or to hell? Will
they arise from the dead like
humans? Will all humans
arise from the dead? Will
they die again? If everyone
will arise will the world be

large enough to house them?
Will there be enough food to
feed them? Will humans
and animals still kill each
other?

Maimonides in his
monumental work Mishne
Torah laws of Kings Chapter
11:4 and 12:2 and Guide to
the Perplexed represents the
pragmatic interpretation of

Judaism to a host of questions concerning the Messianic era and the era when those who died will arise.

Maimonides maintains that there exists no definitive formula as to the details.

All we know for certain is when we witness the end results. Success is the proof

of the pudding.

As Maimonides formulated in his creed of Ani Mamins that Jews recite daily after morning prayers.

#12 “I believe in complete faith in the coming of the Messiah. Even though he is delayed nevertheless I

believe each day tht he will arrive”

#13 I believe in complete faith in techiat hamasim that the dead will be resurrected. At the time that God will decide. When the Creator His Name be Blessed and His remembrance be exalted load ulenatzech Netzocim -

different levels and nuances of Eternity.”

The concept of resurrection is recorded in the Pentateuch“ Oz yosirr Moshe Ubnei Yisroel- then in the future at resurrection Moshe and the Jews will sing praises to God ” Bible Pentateuch 15:1

The concept of resurrection

is explicitly recorded in Daniel 12:2 “ verabim meyoshnei offor yakitzu lae lechaye holom abo vealae lecharovosulederoyon olom -and many of those who sleep in the earth will awaken those to eternal life and those to for shame and everlasting abhorrence”

Ezekial chapter 37 has the miracle of the dead bones

being resurrected and coming to life. In the Talmud Sanehrin there exists a dispute if this was an actual and real event or was only a dream on the part of the prophet Ezekiel.

Likewise there exists a dispute among the sages if the story of Eve talking to the snake actually occurred

or was it only a dream?
Genesses3 : 1-5 Saadye
Gaon living approximately
in 900 ACE, a leading
authority in Jewish law and
philosophy interpreted this
story as only a dream
Otherwise how could a
snake talk? Likewise
Saadia Gaon interprets the
story of a conversation
between Bilaam and his
donkey as only a dream

Baminbar or Numbers22:25
Bilaam was a non Jewish
prophet hired by Baalek the
King of Moab to curse the
Jews.

Likewise there occurs a
dispute among the Rabbis of
the Talmud if the Book of Eov
Job actually occurred or was
only a work of fiction to
explore the perplexing
question of why the
righteous are miserable and

the evil doers are happy in this world .

The Rambam like Saadye Gaon follows the pragmatic school in Judaism that freely interprets the passages of the Bible.

Yes, Rambam or Maimonides believes in the coming of the Messiah and reincarnation. However since there exists no clear

cut tradition, Rmbam states tht until the actual events unfold no one really knows the details. The prophet Isaiah himself stated Isaiah 60 :22 regarding the Messianic era “beito achishenu the Messianic era will arrive in its designated time also it will be accelerated .”

The Rabbis of the Talmud interpret the contradiction if

the Jews will merit the
Messianic era will be
accelerated . Otherwise it
will arrive at its designated
time.

The Rambam states that at
the time of the Messianic era
the Jews will rebuild the
third Holy Temple. The
Rambam is discussing even
if the Jews do not merit.

Raved , on the other hand, discusses the other contingency that the Jews will merit. Ramban then follows the tradition of the Talmudic Rabbis that the third Temple will be miraculous built by God and be suspended down to earth on the Temple mount . It will take the place of the mosque presently built there. There will be no

opposition on the part of the Muslims because the entire population of the world will be full of divine wisdom God will then perform miracles .

Isaiah in 65:25 states that a lion and a sheep will graze together peacefully.

This is to be interpreted

literally. All the world will become vegetarians.

We have witnessed the resurrection of the State of Isreal as the prophet Ezekiel forecast in chapter 37.

We thus have confidence that the prophesy of Daniel 12 : 2,3 that resurrection of all the dead will occur.

The prophesy does not

mention only man/woman
but all the dead . Thus dogs
cats birds all will be
resurrected. Once
resurrected they will never
die.

Heeding the formulation of
Isaiah Kings 12:2 No one
knows the details.

Daniel 12 :4 stipulates that
the details remain top secret
until they develop .

Malbim in his commentary in 1850 ACE interpreted the prophecy of Ezekiel 37 that the wars of Gog and Mogug the two Titans will occur during 1914-1945. The timing of the First and Second World Wars the murder of 6 million Jews and 1 million Jewish children .The slaughter of over 100 million non Jews

during these wars. Then the State of Israel will be resurrected. It will never again be destroyed Tosphos Zevochim 2 or 3. There occur only two times that the Holy Temples will be destroyed;. Never will the third temple be destroyed. The State of Israel is the fore runner of the third Temple.

The third Temple will be built by God and will slowly

descend unto the Temple mount.. It will remain in place with the full consent of the Muslims.that is the interpretatin of Raaved of Isaiah 60:22 “beito achishenu ”-I God will accelerate the process with miracles. If the Jews and non Jews are not worthy the Messianic era will arrive in their good time. If they are worthy it will arrive hastily

accelerated with miracles.

Let us return to our original question .

Do dogs cats birds ants all creatures have a section in heaven set aside for them? Will they be resurrected and never^{or} gain die?

Altho^{gh} there exist many opinions that s^tate that heaven and reasurrection are

only for humans;
nevertheless in the words of
Rambam Kings 2:2 there
exist no clear tradition
regarding the Messianic Era
and resurrection. We won't
know until it occurs.

Logically , we can state
that all creations of God once
created will remain
eternally . We thus follow
the school of the Rambam in

Guide to the Perplexed.

True , the universe/ world was created. Yesh meayin . From nothing God created substance. True The idea of creation always existed in God's mind. However the realization of this idea occurred because God willed it to be. God likewise is the only power to will the destruction of creation if he so wants. However once

there occurred creation it will remain to eternity.

My interpretation is that once God created dogs cats birds ants and all creatures they will remain eternally. Rambam differentiates regarding Providence. Providence applies only for man/woman/ All other creatures God is concerned that the species remain ;not

the individual animal or bird.

However there exists a difference between what Rambam discusses Providence and remaining for eternity for the individual dog cat other animal bird ant. And other creations. God has plenty of space in his universe for all his creatures since creation

to eternity.

I believe that there exists a spiritual factor that gives life called ruach or Nefesh for each animal bird fish reptile . Each plant has an angel assigned to it to order it to grow. All the planets stars and galaxies have a soul. The Angels have souls but no body . Rambam beginning Laws of Dayot.

Thus it is quite possible that when an animal dies there exists a place in heaven that they return. They also will be resurrected.

There exists no fear where in the world will they all live? Where in the world can there exist enough food for

this population ?

True , if God did not get involved it would be physically impossible for such a large population of humans animals birds reptiles fish and sea animals to co-exists.

However we are discussing miracles. Godwill make a miracle and the

planet earth will expand in size to accommodate all the humans animals birds insects and other creatures.

If this sounds like science fiction, then read my book 37 . Find out the fiction that is passed as historical facts starting 2000 years ago.
