

# TORAH PRACTICE

Torah or the blueprint of the universe and the entire

creation was created by G-d at the instant of creation. Torah just like the souls of man/woman - the

Souls of Jews and non Jews - is spirituals. It represents ideas . However when man/woman practice the Torah they convert the spiritual ideas of Torah to concrete corporal form.

Man/woman breath in corporeal life to the spiritual component of Torah. Thus one who teaches another person Torah is considered to give birth to that individual. One who writes books of Torah philosophy or any subject that he/she increase knowledge or puts anew face a new interpretation in existing knowledge that benefits is converting the spiritual component of Torah to a corporal entity. He lends the corporal component to the spiritual “soul” of Torah. He /she has given birth to a new concept. This new concept is akin to clothes that dress a person . So ,too, he gives corporal life- gives birth -to a new corporal concept that makes the spiritual ideas intelligent for corporeal man /woman. Thus one who has no biological children is considered the parent of one whom he teaches Torah-any knowledge. Thus such Torah that he/she creates lives to eternity both in this world and in the spiritual world the next world paradise Olem Habo.

However , one who fails in their mission in this corporeal world suffers Gehanim Hell by virtue of living in an environment that all people who did accomplish their mission have great spiritual rewards ;while he/she merits nothing. In the next world that is called Olem Hoemet -the world of truth,

one is free from all the distortions and falsehoods . Thus one who has not accomplished his/her mission in the corporeal world suffers hell when their soul arrives in the other world.

According to the Zohar G-D IN His sole essence can Will it that the soul of an individual who has not accomplished his/her mission should come back for another try in an other body and be born again. The Babylonian and Jerusalem Talmud are silent regarding reincarnation. The Hindus believe in this phenomena. All non pure monotheistic religions believe in incarnation of G-d himself in the body of a mortal. born from a mortal virgin.

Aristotle believed in the eternity of the universe. According to Aristotle the ideas of creation always existed with G-d formed an integral part of the Essence of G-d . Therefore the universe is an alter ego of G-d. Spinoza went a step further and stated that all matter in the universe living and non living are an alter ego of G-d. -Pantheism. Judaismas well as all revealed religions Islam Christianity Hinduasim Zoroastrianism Budhisim consider such a belief as heresy. We believe that G-d's ideas to create remain as G-d's ideas. That does not automatically confer Divinity or the power of Divinity to the subject the object being created . To state that the universe is eternal just as G-d is eternal and was never created ex nihilo- something from nothing -confuses

the created with the creator. G-d had an idea to create. Since G-d always existed exists and will exist - there is no present past and future regarding G-d .G-d's ideas always existed exist and will exist in our future . However His Ideas that always existed were to create. Thus G-d's ideas explicitly talk about -mention- creation. Would all matter always existed even in potential form G-d would not discuss creating. Aristotle blurs and confuses the created substance with the Essence of G-d- who does the creation. Would these substances always existed there would be no need by G-d to have Ideas to have these substances created . Further more how does Aristotle or any others who follow his theories know what happened? Were they there? There exists no way to know other than through revelation by G-d himself. And G-d did reveal at Mount Sinai in the presence of millions of Jews and non Jews that G-d created the universe. Such a message appears in the Ten Commandments in the Bible Exodus 20:11 ,20;1 ,9,10,11 And Deuteronomy 5:6,13, 14, 15. . Such is the belief of all believers in revealed religion. Only atheists and skeptics at most can believe differently. However their beliefs are an other religion an other faith. There exists no scientific proof to state otherwise.

## conflict of Providence of G-d and men/women free will

G-D helps people who help themselves. Unless man /woman also are partners G-d will not help. Only when man applies themselves will G-D help.

G-d does inject himself into the lives of men when their actions threaten the path He has selected for the world to follow. Yes, free will exists. But to a degree. When one's action threaten the welfare and design and plans of the Almighty G-d plants false notions into the guilty person. He makes stupid decisions that ensure and hasten his defeat and downfall.

EXAMPLES Hitler's decision to attack Russia before defeating Great Britain. Hitler's decision to throw out all Jewish scientists who went to Allies and helped the Allies develop the Atom and hydrogen and neutron bomb. Miracles do happen prayers are answered.

See Proverbs chapter 19:20 "Rabos machshovs belev ish vatzas hashem sokum many desinns and plots are in the hearts of man but the Will of G-d will prevail"

Psalms 33:9, "Hu omar vayehi hu tzivo vayamof He G-d ordered and it became He G-d commanded and it was established"

Psalms 33:10" hashem hafir atzas goyim hani machshovos amim G-d annuls the counsel of nations G-d destroys the plotting of many people”

Psalms 33:11 “Atzas Hashem leolom tamod machshovos libo ledor vedor The counsel of G-d will remain to eternity the thinking the Will of G-d will will endure from one generation to the next to infinity”

Isaiah 8:10" Utzo aizo vesufor dabru dovor velo yokum ki imonu kail [People] will make decisions and counsel and such decisions and counsel will amount to nothing will never materialize they will hold conferences and talk and reach decisions but such talk and decisions will never materialize because G-dis with us.”

The United Nations the Security Council will pass resolutions recognizing a Palestinian State to displace Israel ;but such resolutions will not be worth the paper it is written. Nothing will happen. G-d will plant into the hearts of the Arabs that they will not recognize a Jewish State for the Jewish people. Hamas and Fatah will vow to liberate Jerusalem Tel Aviv and Haifa and all of modern Israel. The Arab mentality of no compromise and demand of all or nothing will prevail. It is this hunger for conquest of the attitude “you will die even if I will die in the process” practiced by all Jewish enemies from day one to the present that has been the greatest blessing for the Jew and saved the Jew from self destruction. Then the Jew realizes that there exists no other choice than to fight . The Jew fights and wins.G-d only helps those who help themselves. There are no rights for the Palestinians. Palestinians first came to Israel no more than 100 years ago when Jews first arrived then Syrians Egyptians Lebanese Saudis immigrated to Israel to take advantage of the new

opportunities presented by the Jews. We are not going to agree to create a non-existent nation, the Palestinians, and surrender the very life blood of our existence, all of historical Israel. If Jews do not have a right to historical Israel, YEHUDAH, SHOMRON, GAZA, GOLAN AND JERUSALEM, THEY HAVE NO RIGHT TO ANY PART OF THE NEW ISRAEL. IT IS BETTER TO BE IN AN ARMED STATE TO INFINITY AND BE ISOLATED FROM THE WHOLE WORLD THAN TO DIE. THE JEW WITHOUT A COUNTRY HAS DIED AND WILL DIE. SINCE 1860 TO 2011 THERE HAVE BEEN NO MORE THAN 22,000 KILLED BY THE ARABS IN ALL THE WARS AND TERRORIST RAIDS. EVEN ONE JEW KILLED IS TOO MUCH. HOWEVER, HOW DOES THIS FIGURE COMPARE TO THE SIX MILLION JEWS AND HALF A MILLION JEWISH CHILDREN KILLED BY THE NAZIS WITH THE COMPLETE COOPERATION OF THE EUROPEANS AND THE REST OF THE WORLD.

WHY THERE HAS BEEN EVEN ONE INNOCENT JEW OR NON JEW KILLED IS THE 64,000 QUESTION ASKED BY ALL PHILOSOPHERS, JEWISH AND NON JEWISH. WHY DO THE WICKED PROSPER AND THE PIOUS WHO DO THE WILL OF G-D FAIL, EXPERIENCE PAIN, DISEASE, POVERTY AND DEATH?

THIS QUESTION WAS FIRST POSED BY MOSES WHEN HE WAS 40 DAYS AND 40 NIGHTS AT MT. SINAI 3,500 YEARS AGO. THE BOOK OF JOB PRESENTS THIS QUESTION.

ACCORDING TO ONE OPINION OF THE TALMUD-FAVORED BY MAIMONIDES IN THE GUIDE FOR THE PERPLEXED- JOB IS A FICTION. JOB NEVER EXISTED.

Job represents an attempt to discuss this mystery. G-d represents justice and mercy. If there exists Providence how come Job who was G-d fearing and did the will of G-d suffer poverty have his wife and children die and then suffer illness and unbearable pain?

The answer that G-d gave to Moses and to Job was that G-D has to account for various independent forces G-d created. G-d created man and endowed him with free will. Man can misuse his free will and kill other humans. Since G-d grants man free will the aggressor the murderer can kill the victim. However the victim or his family or group or nation may be partly responsible for not taking protective action to prevent the murderer from committing his crime, When such defensive action is not taken or the family group or nation is power less to prevent such crime against the member or members or the whole group then G-d may confound and plant ideas and strategies in the mind of the leader and opinion makers that result in the defeat and downfall of the criminals. This has been the Jewish experience . Pharaoh in Egypt at the time of the exodus Haman in the story of Purim when G-d intervened and Hitler in the World War II and the Palestinians today. All of these men overplayed their hands and adopted extreme positions of all or nothing.

In the end they got nothing and they were killed and the Jews were rescued. Some times it takes thousands of years before G-d rescues the Jews. The Prophets 2500-3000 years ago stated that the Jews would be exiled and then would be returned and be resurrected in the

newborn state of Israel 2500 to 3000 years later in 1948 such prophesy became a fact. This is what G-d showed Moses and JOB.

On the individual level one who experiences misfortune poverty illness divorce death of one's children and or wife or death of the individual , G-d may compensate him /her in their lifetime that the person may regain his fortune or make a fortune remarry and have other children . Or else the individual may come back through reincarnation and have a new life in a new body. Or else , will be compensated in Olem Habo-in the other world.

Maimonides in the Guide to the Perplexed in book 3 chapter 17 describes four schools of thought regarding Providence.

Epicurians or atheists deny the existence of G-d.

If G-d does not exist there is no Providence. According to these atheists the universe occurred as a freak accident. No one in the world will agree that these lines I am typing happened by a freak accident. However the world today is willing to accept this humbug this nonsense that even a child can sense is nonsense. They will accept any nonsense that emancipates them from an accounting to a higher Being. That obligates man to live a life of Divine obedience and be subject to G-d's law of morality and ethics. Freud was a big hit because he liberated man /woman from the constraints of Puritanism.

So, too this humbug that the universe was created from a big bang and everything fell into place without a Divine design.

Aristotle proposed that there exists a first cause -G-d. However once G-d created all the laws of science physics chemistry biology mathematics psychology medicine philosophy metaphysics G-d moved aside and relinquished His authority to the forces He created. G-d only intervenes when a species is threatened with extinction. Aristotle also theorized -of the eternity of the universe- that the universe is the alter ego of G-d. G-D always knew that He would create the universe. The idea of G-d of creating the universe ipso facto caused the event to be. G-d's idea is the same as an accomplished fact. Since G-d always had such an idea the universe

like wise always existed.

Aristotle blurs the created with the Creator. G-d's ideas always exist existed and will exist. G-d is beyond time and space. That however does not mean that the object the substance that G-D has in mind to create share the same power Divinity and eternity as G-d.

According to Aristotle there are rules of science that govern all the universe as well as G-d. G-d has no choice but must be bound by these laws. There exists no exceptions . Otherwise there would exist a defect in G-d, since all creation is the alter ego of G-d. . there exists no such phenomena as miracles and prayer is futile. Every thing is destined. There is no such thing as free will.

The survival of the fittest is the fundamental rule of the universe. To the the powerful go all the spoils. There is no room for mercy or compassion. Only power cunning wealth lust is the ideal for survival. There is no room for an after life. Man /woman live once in this world at the expense of all who are weaker. Like the Epicurians there exists no accounting to a higher Power. G-d took a vacation

once He created the universe. Or else G-d Himself is subject to the laws of science. G-d Himself is the laws of science.

Another school of thought claims that G-d exists G-d guides the universe and the Providence of G-d extends for all men /women animals fish birds trees vegetables flowers inanimate beings. If an ant is crushed by a falling branch or is stepped upon by an animal or rodent it is the Providence of G-d that willed it so. Furthermore , this school believes in reincarnation not only of humans but also of humans to animals birds fish and vice versa. Also the gods reincarnate into humans are born from a human mother and the gods. Also the gods can incarnate into animals rodents snakes. The Hindus and ancient Egyptians believed in such a philosophy and religion.

Maimonides proposes that the Providence of G-d applies only for humans not for animals fish birds trees flowers and inanimate beings, For this class of beings G-D is only concerned that the species do not become extinct.

It is my observation that the Providence of G-d operated only with the partnership of man . If man/woman does not do their share G-d will not provide. G-d helps those who help themselves. Prayer may help not always. G-d has His own accounting. G-d may let many humans die before creating a miracle and planting in the minds of man to rescue a group of his children The holocaust happened six million Jews and half a million children were killed before the State of Israel was reborn in 1948. Why? That is a divine mystery. The Jew and righteous non Jew must accept that we do not know all the answers. We must be G-d in order to know all the answers.

IF THE WORLD PUSHES THE JEW AND TRIES TO ENFORCE ITS CONSPIRACY TO CREATE A PALESTINIAN STATE TO STEAL YEHUDAH SHOMRON GOLAN GAZA AND HISTORICAL JERUSALEM THE ANTI SEMITES OF THE WORLD WILL CEASE TO EXIST. SUCH IS THE RULING OF G-D. What happened in Oslo Norway in July 2011 will happen to all the Anti Semites of the world.

## Conflicts of Guide to the perplexed with traditional jewish thinking.

CONFLICTS EXIST ONLY FOR THE UNLEARNED. MAIMONIDES PLEADS WITH HIS READERS OF THE GUIDE TO READ ALL HIS WRITINGS, IT IS NOT SUFFICIENT TO READ ONLY THE GUIDE TO THE PERPLEXED. ONE MUST READ ALL THE WRITINGS OF maimionides. Otherwise one can not understand the Guide . It is the same as a blind man touching an elephant when he never knew any thing about elephants. When he touches the trunk he thins it is a snake. When he touches its feet he thinks they are trunks of trees. When he touches its belly he thinks it is a tank of water. The same is true when one reads the Guide with out first mastering all the writings in the Mishna Torah of the Rambam - Maimonides. .Maimonides often quotes what he wrote in the Mishnah Torah in the Guide to the Perpled . But unless one has mastered all of the Mishneh Torah one will read into the Guide

his/her own distorted ideas about Judaism. This is not what Rambam meant. Then one will discover contradictions between the Guide and traditional Judaism There are no contradictions. I have studied both.

Every person must believe in himself./herself. If they are rejected by their girl friend boy friend wife or husband they should not become despondent. Never Never stop paying alimony and especially child support. Other wise you will not be able to renew your license and will commit suicide as far as your professional career. If your spouse refuses to let you have visitation rights take them to court. Never resort to your own tactics. Do not use force. Do everything legally. Each man woman must believe beshvili nivro hoolom. For my sake G-d created the entire universe. Talmud Bavali Sanhedrn 37a. There exists something unique about each individual no two individuals are the same are alike. All are different. G-d needs everyone. All the Torah and all man made laws must be abrogated to save the life of every individual human in this world.

..

Remember there exists no Jewish law or impediment regarding pigs or their allies. You can use all means providing they are legal in civil court to enforce your rights. Legally break the neck of all who infringe on your rights. The only language a pig understands is the legal stick Use it break their necks.

If your spouse rejects you if the family of your spouse rejects you, thank them. They do not deserve you.“ Nezem Zohov Beaf kain isha yafa vesoras toam Proverbs 11:22 Just like a pig can not appreciated jewelry and will drag it in the gutter ”so too a beautiful woman who lacks toam - common sense and a value system who places her parents and family ahead of her husband ”. Thank them for freeing you and enabling you to meet other women/men -real humans who will appreciate you. However if you do not believe in yourself you will grow despondent and lose your mind and kill your spouse and her family for rejecting you. Then you will become attached to these pigs for the rest of your life if you are given life in prison -instead of execution- for murdering these pigs. And for what are you serving a life sentence for murdering pigs ? Your spouse who rejected you is like wise a pig. Otherwise she/he would not have listened to her/his family to reject you. Thank G-d every day that the pigs left you and freed you to live a normal life. There exists no tenure to abuse. WHEN A SPOUSE ON HER/HIS OWN ABUSES YOU OR WITH THE INCITEMENT OF THEIR FAMILY SEND THEM TO HELL. GET OUT SPIT IN THEIR FACE . LET THEM CHOKE ON THEIR CHILD OR FAMILY MEMBER WHO IS YOUR SPOUSE. THANK THEM FOR BREAKING UP THIS ABNORMAL RELATIONSHIP. Go out meet some one else who appreciates you and begin living normally. Love and be faithful to a human who has a human family not to a pig who comes from pigs.

There exists however a fly in the ointment -in this analysis. The spouse's father mother brother sister aunt uncle of the spouse who leaves you, like wise, believe think that you are the pig and do not deserve them.

The answer is fine . That is the reason divorce and annulments have been created by G-d to enable humans to correct mistakes that they now believe they entered into a marriage that they now believe was an error. They do not want to live the rest of their lives with such a person, no matter how well intentioned the marriage appeared at the time.

However , they are blindly negating the rights of the child or children born and the rights of the spouse they are abandoning. They are forcing the husband to be saddled with child support for the next 18-24 years and possible alimony depending on the length of the marriage and the laws of the jurisdiction where the couple reside.
