

revolve around the earth was forced by the inquisition to recant ;which he did in order not to be burned at the stake. Spinoza would not dare print his theories about the existence of millions of deities in the godhead- Pantheism- lest he be burned at the stake. Why then were all the philosophers of the renaissance who preached heresy not burned at the stake by the inquisition?

The answer is that the emperors of Europe abandoned the teachings of the Church. It was a conspiracy on their part to gradually lessen the influence of the church teachings in order to realize their imperialistic goals . Beginning in 1500 and 1600 the European countries began invading and conquering Africa the Indian sub Continent North and South America Australia the Philippines South Eastern Asia and parts of China. They were engaged in the slave trade . As I will show later in this paper, eight European countries with a combined population of no more than at the most of 400 million conquered territory of a combined population of two billion people. The European powers massacred and made a holocaust of six million natives in North and South America and killed hundreds of millions in all the other countries of their conquests.

They sold into slavery millions of Africans. Christianity no longer served their needs. Christianity was too liberal and had a message of equality at least for those who accepted its tenets that did not fit with the needs of the European imperialists. They then turned to the philosophers and historians and social scientist of the renaissance to tailor make a philosophy that would cast the Europeans as superior creatures as the real humans and all the natives who were conquered as inferior- not quite humans . Therefore it was legitimate to kill them and certainly enslave them . The excuse used was to teach them European super knowledge that all the conquered and inferior natives never possessed.

That is the real reason that the Church was stripped of its power. The same occurred when Martin Luther revolted against the Catholic Church. What ensued was the 30 year War that ended giving each country the right to elect which form of Christianity it chose. Again , if it was not for monarchs backing him , Luther would have been burned at the stake. The same occurred in Great Britain when the Anglican Church broke away from Rome. The same occurred in Switzerland with the Calvinists . The same occurred in the Americas and in Europe once there was put in effect a divorce between Church and State. In Russia following the revolution the Church was outlawed. Communism replaced Christianity. 25 million Russians who resisted were killed. Communist Maoism replaced Buddhism in China. 75 million Chinese who resisted were killed.

Some or many of the renaissance thinkers and certainly in the 19th and 20th century the political movements who are the offsprings of the renaissance, as well as , political

revolutions caused by economic factors and the industrial revolution had a negative impact of the attitude toward Christianity. Democracy Socialism Fascism Communism and Maoism replaced Christianity.

I am going to examine the impact of the decision of Constantine -the triumph of Christianity on the Jew for the last 1700 years.

This is a historical study. I am not judging the truth of any religion. My analysis is of human behavior of the Europeans over a period of 1700 years. I find a direct correlation between their treatment or should we be more accurate mistreatment and murder of the Jew and their mistreatment and murder of the non Jew.

The thread that binds 1700 years of European misconduct is the superiority feeling of Deutschland über alles- Germany is superior to the whole world that echoes the sun never sets on Great Britain. The Europeans corrupted Christianity. They used Christianity to enslave people . They used it to blind people and put them in a stupor so they could be exploited enslaved and murdered by the nobles and kings. Christianity was used to keep Europeans for 1400 years in a dark age-ignorant and unable to think. Any one dissenting or using his own mind was sent to the stakes and roasted alive.

Jews were blamed as a terrible influence that gave an example of independent thinking different than the accepted religion and dictatorship of body and mind. Jews were forced to live in ghettos in the 1100's and 1200's. They were banished from all of Western Europe by the end of the 1400's. However the non Jew being endowed by G-d with a mind of his own challenged the establishment in the 1500's by the Protestant uprising under Martin Luther. The Jews no longer existed in Western Europe it was Juden rein -clean of Jews from the end of 1400's to the middle of 1600's .The following countries were Juden rein - Great Britain France Italy Spain Portugal . The Greek Orthodox Catholics expelled their Jews before the Crusades in 1100's . However it was not the Jews or their influence but the minds of intelligent humans who challenged the assertion of the Catholic Church that they

were the only legitimate channel in the universe who knew what G-d wants. Jews were not in existence in Western Europe when Luther challenged the hegemony and monopoly of the Catholic Church.

Luther believed that he was as sacred as any of the Popes or his Bishops. He believed he was equally suited to be G-d's instrument and know what G-d wants by reading the Bible himself. He did not need the Popes and his Bishops to tell him the meaning of the New and certainly the Jewish Bible the Old Testament.

So beginning in 1519 Catholics murdered Protestants and Protestants murdered Catholics. The killing became a world war in 1618-1648. Millions of Christians killed each other. When it was over both sides agreed to let each nation choose the form of Christianity it preferred.

Thus Europeans exploited Christianity and converted it as an excuse for wholesale murder. This was a repeat of the massacres of the Greek Orthodox of Roman Catholics in 1083 and the repayment by the Roman Catholics in 1204 in the Fourth Crusade that killed hundreds of thousands of Greek Orthodox. This was another refrain in the symphony of massacres of the First Crusade in 1100 -1200 that was a genocide of the Albigensians in the South of France for daring to challenge the wisdom of the Popes. More than a million people women children and men were slaughtered. 100,00 Jews were also murdered in all the Crusades in Europe before they fortunately were banished from Western Europe.

All the killings were to instill fear and control the people and convert them to robots. When any one challenged their claim he was burned alive at the stake. This is what happened to many dissenters who did not have kings protect them. If one was to challenge the church he had to have an army to back them up .

We will demonstrate that the European rulers first supported the Protestants in order to have greater flexibility to engage in a mercantile economy. The Protestant religion however did not give them the license to kill and conquer billions of Africans Asians and Indians. They then created the renaissance to provide them with a new "religion" that vindicated their murder and conquest of billions of Africans Asians and Indians. They wanted to be free from the restrictions

of Christianity.

Socrates was forced to drink the cup of hemlock -poison in ancient Greece for challenging the authority of the elders. This was a piece of cake compared to the mass killings of the Europeans for any one daring to challenge their authority.

However the Protestants had the kings supporting them, so they could fight back.

However all the massacres and genocide of Christians by Christians occurred with no Jews present. There were no Jews in 1204 when the Byzantines Greek Orthodox were massacred by their fellow Roman Catholics. There also were no Jews around when the Catholics and Protestants killed each other. Western Europe was Juden rein-free of Jews from 1518-1650.

This is a study that explores what happens when the USA form of liberty and freedom is missing. What happens when there is no divorce of Church and State, What happens when there exists no freedom of speech and religion. Europeans corrupted Christianity . The USA blessed Christianity and gave it its true meaning for Christians. Any one not a Christian is free to practice his/her religion.

According to Christian teachings Jesus was resurrected and came back

to life and went to heaven. However in the name of the crucifixion of Jesus for the past 2000 years. hundreds of millions of Jews and non Jews mostly Christians murdered by other Christians have been crucified - drowned -burned alive- gassed - shot and tortured to death. The libel was created that all Jews in his generation , as well as all future generations were responsible for the crucifixion of Jesus, although he came back to life .

However none of the hundreds of millions of Jews and not Jews killed - mostly Christians killed by other Christians - crucified burned alive drowned strangled shot or gassed by other Christians ever came back.

It is a fact that Jesus was crucified , not by the Jews but by the Romans. The Jews were powerless and under the domination of Rome. The Romans put Jesus to death because they were afraid he would incite a rebellion , The Romans likewise crucified Peter and his wife in Rome at the spot that the Cathedral of St. Peter at the Vatican stands . The Romans decapitated St. Paul. Jesus like other Jewish men in his era -years before Jesus and years later who claimed that they were the Messiah were likewise executed by Rome .. 100 years after Jesus there arose an other Jew by the name of Bar Kochbo who claimed that he was the Messiah. He succeeded in overthrowing the Romans and was crowned as King of the Jews. His kingdom lasted for three years . His army were overpowered by the Romans. He was killed and thousands of his men who were captured were all crucified . Several hundred years before Jesus there existed a man in Rome who claimed he was the Messiah . He attracted followers and preached a faith that employed the Jewish Bible . The Romans also crucified him . See Otzer

Havekuchim Polemics and Disputations [in Hebrew] by J.D. Eisenstein This book summarizes many debates the rabbis were forced to engage with the church fathers over many generations.

Let us go fast forward in our time machine to other instances of false Messiahs in Jewish history. .

Following the pogroms by the Cossacks under Chmielnicki in 1648-1649 who killed 100,000 Jews raped all Jewish women single and married, and wiped out 300 communities , a false Messiah appeared by the name of Shabse Tzvi in Turkey in 1648. He was a charismatic leader who threw everyone into a spell with his Messianic appeal.

Although he was ex communicated by almost all rabbis he managed to attract tens of thousands of followers who showered him with money and allegiance. They were prepared to follow him to the Holy Land. Berel Wein in Triumph of Survival pages 21-27 states that Shabse Tzvi announced plans to march on Jerusalem and free the city and the holy land from the Turks.. When word reached the Sultan he gave Shabse Tzvi an ultimatum to convert to Islam or be killed. Shabsei Tzvi together with thousands of his followers converted. This charade ended in 1670.

100 years later in 1755 in Poland there was an other man by the name of Jacob Frank who gathered the remnants of the followers of Shabsi Tzvi and likewise claimed he was the Messiah. He was forced by Catholic authorities to convert to Catholicism or else face execution. Even his Christian sponsors soon tired from him and realized he was a fraud. He was arrested imprisoned and released in 1772.. He continued to propagate his Messianic nonsense until 1791.when he died. He and his followers converted. By 1791 his charade ended. See Berel Wein Triumph of Survival pages 35-36. Thus these false Messiahs tried to administer a quickie solution to the exile of the Jews in the diaspora. They brought grief and greater suffering and the loss of thousands of Jews who converted to Islam or Christianity.

The wise Jews counted their losses and employed pragmatic solutions to combat Anti-Semitism and realize our aspirations in creating a Jewish Israel. The disciple of the Vilna Gaon and other Misnagdim and the Bal Hatanye and other Chasidim in the 1700's moved to Israel to begin settlements and increase the Jewish presence in Eretz Yisroel . In the 1880 and 1890 following the Russian pogroms and the Anti-Semitism in Europe mass aliya -immigration ensued to Israel and many cities were built- the new neighborhoods outside the Old City of Jerusalem , Tel Aviv , Haifa and many other cities in modern Israel. Following the Balfour Declaration and the proclamation by the League of Nations in 1920 Jewish immigration increased geometrically. Following the proclamation of The State of Israel in 1947 the expulsion of all Sefardic Jews who lived in the Arab countries for over 2500 years -by the Arabs ; immigration of European Jews and Russian Jews Israel today has the largest concentration of Jews in the world close to 7 million Jews.

Let us go back in time to the Romans. The Romans used this form of execution was standard Roman punishment to subdue rebellions. Not only Romans but many other ancient civilizations employed crucifixion as a form of execution. The only people who did not employ crucifixion were the Jews.

The nation who loses the war is then cast into the role of a scape goat. The citizens of the defeated nation carry a curse that also applies to all their descendants to perpetuity. The citizens of the losing nation enjoy no civil rights nor liberties. They can be enslaved or used as gladiators as entertainment for the victorious nation. Some victorious nations permitted the defeated nation to have some of the defeated citizens convert to their religion and then change their status. Others were sold into slavery. Thus when Rome defeated Carthage approximately in 200 BCE millions of citizens of Carthage were killed -every man woman and child. Over one million citizens of Carthage were sold into slavery. Jews purchased them and freed them. In appreciation they converted to Judaism. See A Social and religious History of the Jews by Baron professor of history at Columbia University and his volume published by Columbia University.

This is what happened to the Jews and the perpetuation and exploitation of their status for 2000 years by the Christian countries where they lived. Rome crucified or enslaved or used as gladiators one million Jewish soldiers that it captured after the revolt in 70 AD and 60 years later the revolt of Bar Kochbah. Both revolt were crushed and one million Jews were either killed or enslaved or used as gladiators. . The first revolt occurred in 70 AD. . In the first revolt against Rome the Rabbis were opposed to fighting the Romans. In the second revolt all the Rabbis other than Rav Akiva were opposed, Rav Akiva embraced Bar Kochbah when he succeeded to overpower the Romans. He thought that Bar Kochbah could be the Messiah. However when Bar Kochbah was defeated everyone realized that he was not the not the Messiah. The Messiah must succeed. The Zealots refused to listen to the Rabbis and this was the reason for the destruction of the Temple and the dispersion of the Jews from Israel by Rome. However Jews always remained in Israel. and Jerusalem for the last 2000 years. See Caesar and Christ by Will Durant pages 542-549; Babylonian Talmud Giten 55a - 58b; from text to Tradition - A history of Second Temple & Rabbinical Judaism and Reclaiming the Dead Sea Scrolls by Lawrence H. Shiffman.

JEWS WERE DISPERSED FROM ISRAEL BECAUSE THEY WERE STUPID THEY TOOK ON Rome. -THE MIGHTIEST COUNTRY IN THE WORLD. THEY SHOULD HAVE BENT THEIR HEADS AND ACCEPTED THE TERMS OF ROME. THIS IS THE MEANING THAT JEWS WERE EXILED BECAUSE OF SINOT CHINOM. BLIND HATRED. THIS MEAN S BLIND STUPIDITY- NOT ACTING RATIONALLY.

**THEY WERE NOT EXILED NOR WAS THE TEMPLE DESTROYED
BECAUSE THEY REFUSED TO ACCEPT JESUS.**

Judaism respects Christianity as practiced by Christians for the last 1700 years since Constantine in 325 selected the Pauline version . We respect the one billion Christians.

An adaptation and another spin -of the curse upon the Jews that they are eternally punished as the wandering Jew for killing Christ and failing to accept Jesus was used for the last 1700 years as a license for the enslavement and murder of hundreds of millions of **non Jews** . Double or triple the number of humans have been killed in wars in the last 2000 years by Christians than were murdered in wars in the previous 3000 years of recorded history.

A spin of the curse was adapted to enslave humans born with black skin even in these free USA . It took another 100 years until 1862 that the Negroes were emancipated. And an other 100 years until blacks gained equal rights in 1960s .

A spin of the curse was adapted to create different castes of individuals in India. among the Hindus.

Thus the curse adapted against the Jews has a history of thousands of years before Jesus and has been conveniently used by different religions and civilizations at all times to enslave and murder other human beings. Religion was exploited as an excuse to commit heinous crimes The feudal lords enslaved their surfs The European kings used the theory of Divine rights to subjugate their citizens. If kings no longer were the sons of god like Pharaoh in the Bible and Alexander- who believed that he was the son of Amon the Egyptian god- then the Church conspired with Caesar and granted the kings

divine right to enslave and murder their subjects at every whim. The American and French revolutions were the culmination of the renaissance of the 1600s that challenged the abuse of divine rights of the kings. Thomas Paine's "Common Sense" is a primer of such sentiment employed in both revolutions.

During the 16th to the 19th Century the Europeans the British French Spanish Portuguese and Germans used a variation of this curse as justification to murder and conquer the blacks in Africa ; the Asians in India and Pakistan and the native Indians in North and South America and the natives in Australia and New Zealand. Millions were murdered in cold blood all in the name of Christianity or to bring civilization and enlightenment to the stupid ignorant and unlettered natives. All murders were made in order to save the natives' souls. Essentially , these campaigns were an extension of the Spanish and Portuguese inquisition clothed in refined and noble language suited for the era and time frame of the campaign. In the 20th Century the blatant anti Semitism was robed in the garments of pity for the Arabs in order to uproot a Jewish presence in Eretz Yisroel as a Jewish country. .

Constantine the Roman emperor in 325 AD elected. the Trinitarian concept of Christianity preached by Paul rather than the Aryan creed or the creed adopted by James the brother of Jesus and other Jewish Christians in the early years of Christianity. These Jewish Christians accepted Jesus as a great Teacher but not as a deity. They realized that he failed to emancipate the Jews from Rome and therefore was not the Messiah. Only the person who will emancipate the Jews from foreign domination and in gather them to Israel is the Messiah-according to Judaism. Constantine accepted the Trinitarian creed that he helped formulate and tailor for his needs.

The Dead Sea Scrolls found in a cave in the Judea desert in 1947 that were scientifically dated to have been written at the time of Jesus do not substantiate any of the positions ;not the position of the Jewish Christians nor of the Trinitarian Christians. They discuss the Messiah in very vague and symbolic terms. No place is it mentioned that G-d has a son and a trinity exists. Likewise the ten commandments that all Jews Moslems and Christians accept as the word of G-d revealed at Mount Sinai 3400 years ago in front of millions of Jews and non Jews does not mention a word that G-D has a son and together govern the universe.

Certainly G-D exist eternally. He created the world-this is a central and cardinal belief in Judaism .. According to Christianity the belief in Jesus being the son of G-d and being G-d himself is critical to salvation. No man can be saved unless he shares such a belief. Why in the entire Jewish Bible called by Christians -the old Testament- is

this concept not explicitly declared ?

Furthermore , the Talmud recorded on manuscripts since the Jewish exodus from Egypt and their wandering in the desert for 40 years - that reveal Jewish practice [see Rashi "Meglot nistorim " on Talmud Bava Metzia 92a] there exists not one word of such a concept being mandatory for salvation. . On the contrary such a concept is explicitly forbidden . A Jew must choose martyrdom rather than accept such a doctrine. The wars of the Maccabees against the Hellenist and Greeks were fought because the Hellenists wanted to introduce Greek worship that claimed that Zus-the father [or Jupiter -the father god in Roman belief or Bal the father god according to the ancient Phoenician belief] had a son or many sons and daughters who govern the universe together with Zus or Jupiter or Baal . See From Text to Tradition a History of Second Temple & Rabbinical Judaism by Lawrence H. Schiffman page 76, 70-71. ; The Apocrypha Seforim Hachitzonim-[Hebrew] by A. Cahana-Books of Hashmenoim.

See The Age of Faith by Thomas Paine ; Caesar and Christ pages 554-555; Our Oriental Heritage ; Greece and The Age of Faith by Will Durant who discusses the religions of ancient Egypt Greece Rome China India and Japan. ; Miracles of the Gods by Erich Von Daniken pages 54-55, 98-106. The Deists and other renaissance thinkers believed that the Christians borrowed from the other mystery faiths especially from the Greeks and Romans . The Greeks ,in turn , had borrowed from the Phoenicians Hindus Egyptians Romans and Persians . The continuous trade between East and West -Greece and Europe enabled not only an exchange of science , mathematics linguistics the art of writing ,but also philosophy and religious and mystical concepts. The Phoenicians were the middlemen who transported not only worldly goods but also spiritual concepts from East to West and West to East from 1800 BCE . All of these ancient religions believed that the father god has a son or many sons and daughters . These children are born from other goddesses or else their god impregnated a human virgin who gives birth in an immaculate conception. Some of them have three wise men who predict the birth of the god-man . The birth takes place in a stable. All of these religions believe that the son preaches to mankind to reform them. The son antagonizes those corrupt officials who are in power. The son is tried and the son is crucified. In all instances the son is resurrected and joins the father in heaven in a trinity or in an expanded godhead. In the Egyptian model the resurrected god was killed by an other jealous god . He is resurrected by a goddess who is also his wife. This goddess is considered by Egyptians as the great mother. She is the symbol of fertility . She gave birth to the sun and moon who were worshiped by the ancient Egyptians and Romans Greeks as well as the Babylonians .

The task of the resurrected Egyptian god is to determine which deceased humans will go to heaven after first atoning for their sins in purgatory.

It is of interest to note that today one billion Hindus one billion Buddhist one billion Muslims millions of Zoroastrians millions or a billion secularists do not accept Christianity. Thus it is not only the Jews who do not accept Christianity. The Christian missionaries hardly have any success among Hindus Muslims and Buddhists and Jews.

The Greek myth believers have a ritual where they can commune with the crucified man-god. This ritual consists of drinking wine and eating wafers. The wine represents the blood of the man-god and the wafers his body. By drinking the wine and eating the wafers the believer achieves union with the man -god who was crucified. The Greeks recited a verse three times that stated that the wine is to symbolize the blood and the wafer the body of their deity.

This ritual is similar to the Communion Sacrament found in Christian ritual.

Eric Von Daniken in *Miracles of the Gods* cites many passages from the New Testament that are similar to the sacred writings of all the above mentioned mystery religions.

As I mentioned earlier I am not judging the truth of religions; but merely recording what men believe in. I am not suggesting that Christianity borrowed from any religion nor that any religion borrowed from others. I respect the claim of Christians and also the claim of other religions that their religion is Divine and all its rituals are Revealed ;or else the Church the Mosque or the Hindu and Buddhist Temple are empowered to state what is G-d's- Truth.

The Roman emperors for their own reasons elected the Trinitarian creed because

it served their purposes. When other emperors found that Christianity no longer served their purpose they abandoned Christianity . This is what happened in the past 200 years.

Christians who claim that they accept the Old Testament and supplement it with the New Testament are simply not aware that the Old Testament without the Talmud is a vague document open to one million interpretations. Not a single sentence in the Old testament is not obscure. The Oral Law that interpret the Written Torah -the Jewish Bible- were recorded on manuscripts for 40 years in the desert when the Jews left Egypt at the exodus . They were always studied and delivered orally in lectures in the different academies that existed for a period of 1100 years. That is why these laws are called the Oral Laws. 200 hundred years before the common era -the Mishna and 400 years after the common era the Gemorah - were edited and reduced as the books of the Talmud . The Talmud explicitly labels any belief system that employs the concept that G-d has a son or many sons and daughters who govern the universe in a unity in the godhead as forbidden and a violation of the pure unity of G-d. Such a belief is similar and an other version of the ancient mysteries believed by the ancient Egyptians Phoenicians Buddhist Greeks and Romans. This is the verdict of over one billion Muslims . This is the verdict of the Koran. This is the verdict of all other Christians who did not nor do they today accept the Trinitarian Doctrine. This was the central theme in the Devince Codes. This was recently revealed that in Jerusalem Israel a tomb was discovered with a buriel vault that had the inscriptions of Jesus son of Joseph his mother Mary his wife Mary Megdelana and his son Judah. This is the position of all the versions of the New Testament written by the family of Jesus and the early Jewish Christians. Their manuscripts have been recovered from the geniza in Cairo Egypt.

Judaism respects Christianity . We respect the 2000 year Christian tradition. We respect the one billion Christians. We are eternally grateful to the great Church fathers beginning with Paul who in the most stringent terms forbade the killing of Jews. . The Romans were the most blood thirsty beasts. Julius Caesar in order to quell a rebellion in Gaul- France murdered half a million men women and children. Thanks to the Christian Church in most instances the Jews survived because the basic creed of the Church following the orders of Paul was that Jews must not be killed. Yes, there exists many anti Semitic passages in the New Testament. The most anti Semitic is the blood libel that Jews killed Christ. However it is Divine Providence that the Jew survived although he was treated worse than animals .

Yes millions of Jews were killed by Christians. Jews during the Crusades in many communities in France and Germany from 1000-1300 were given the choice of baptism or death. The same occurred during the period of 1390-1460 in Austria and again in

Poland and Russia in 1648-1650 . Again the same occurred in Russia in 1880-1890. And the greatest killing field was in Europe in 1940-1945 when six million Jews were killed.

The emperors and rulers who needed the Jews' money or skills -financial knowledge or needed them as physicians or their connections with the Muslims to conduct trade and commerce - were responsible for the survival of the Jews for the last 2000 years. From the pronouncement of Pope Gregory in 591 forbidding forced conversions of the Jews to the decree of Pope Innocent III at the fourth Lateran Council in 1215 instituting the yellow badge that Jews were forced to wear , the Jews lived in comparative freedom and moderate prosperity. The reason was because the Jews possessed mercantile skills and they were desperately needed to build up and sustain the economy of the European countries where they lived. Over the protests of the Church , the rulers did not obey the edicts and legislation inspired by the Church against the Jews. Even if they were banished they soon were re invited and apologies were offered to them why they were banished. Better terms were extended to them to induce the Jews to return. for a period of 1000 or 1200 years the Jews were the middle class in Europe . They were protected by the kings and were an integral part of European economy. They were the most educated not only in Torah and Talmud but in secular knowledge . They were experts in all the European languages as well as in Greek and Latin. They studied and mastered all the physical sciences- mathematics physics medicine as well as philosophy. The Jews were indispensable. When the Visigoths conquered Rome in 500 or 600 ACE they relied on Jews to assist them in governing. The German French and Italians all relied on Jews. When the European kings wanted to revive the Greek heritage in the 1400's and 1500's they consulted Jews in Venice and other Italian cities to translate the Greek Roman Arabic classics and Hebrew Bible and philosophy. Many of the early spiritual fathers of the Protestant movement as well as many Catholic Scholastic thinkers obtained their training of the Hebrew Bible Talmud and Commentaries and Jewish philosophy from the Jews. The renaissance was given a head start because of Jewish talent. If it was not for Jews there would not have been a renaissance. See Jews God and History by Max I. Dimont page 218-220

However after the Crusades the serfs refused to go back to the farms and till the soil. They were spoiled by the crusades. They learned the mercantile skills of the Jew . They took over the role and occupation of the Jew . The serfs became merchants and traders. They became the middle man and traveled to the middle East and Far East. **Legislation was passed to take over all the posts that the Jews held.** In time they if they did not become wealthy they certainly became the middle class. They dispossessed the Jew. Once the Serfs took over the role of the Jew , the Jew no longer was needed.

Once he was dispensable the non Jews who still feared and hated him because he was still better off economically than the lower class and certainly more educated and intelligent began fabricating blood libels that Jews kidnaped a non Jewish child crucified him or killed him and used his blood for the matzos on Passover. Likewise that Jews are desecrating the wafers used in the sacrament of communion. It was alleged that the wafers miraculously bled. Pogroms ensued and thousands of Jews were killed and their property confiscated and divided up among the rioters. When the child was examined and it was discovered that he was alive or had died from natural causes and had never been crucified or his body was never violated the rioters claimed that a miracle had occurred . They claimed that the Jews did kill him but he was resurrected. They had a great precedent from the lessons taught at the church of the crucifixion of Jesus by the Jews. The popes issued many edicts called bulls prohibiting such accusations, but to no avail. When the Jews were indispensable to the economy of the country they were protected by the king. He hanged the ring leaders. However when the serfs became the middle class and took many of the roles of the Jews , the king no longer needed them and did not intervene. As a result many Jews were robbed and killed. The other Jews even if they were not officially exiled by the king as happened in England France and Germany Spain and Portugal from 1290-1500 immigrated on their own to Holland Poland Russia South America and North America. The kings in Poland and Russia needed the mercantile skills of the Jews. They were reluctant to establish a middle class from Poles or Russians because they did not trust them. They suspected that the middle class would soon challenge their authority and rebel against them and usurp their positions.. The Roman Catholic clergy in Poland on many occasions fomented the libel of Jews killing children to use their blood for Passover and host desecration . The mobs would attack and kill thousands of Jews . The Polish kings who needed the mercantile skills and know how of the Jew protected the Jews. They would hang or chop off the heads of the ring leaders . However they had to be strong and confident of their post as king. If the king was weak or insecure , he would hesitate to go against the priests and there would be many more Jews buried in the cemetery. In the German states when ever such false accusations would occur the Jews would move on to an other German state. The same was true in Poland Jews would move on to other countries. Usually if the Jews moved it would create a great financial loss for the king. The kings would then beg he Jews to return offering them greater benefits. However Poland and especially Russia have a history of violent Anti -Semitism inspired by the Orthodox Greek clergy . In many instances especially in the 1700's and 1800's and even in the 1900's until the Russian revolution the Russian Czars or their wives under the influence of the Anti Semitic clergy allied themselves with those people who instigated the pogroms. This occurred a few instances in the 1800's with liberal reform minded Russian Czars such as Czar Alexander, who set free 40 million serfs in Russia . The same occurred with all his other relatives before him and successors to the Russian

throne. Reactionaries in Russia always succeeded to thwart any attempt to permanently improve the status of Jews or serfs -the low class who were discriminated exploited and abused in the 1800's . Not until the Russian revolution in 1917 did the situation improve. An irony of fate occurred. The Jew the most despicable resident in Russia was among the vanguard of the Communist revolution. Lenin the first communist dictator had a Jewish mother or father. Trotsky a leader in the uprising and Beria- head of the secret police in 1920 were Jewish. Stalin had a Jewish wife. Benito Mussolini the Italian dictator had a Jewish mistress until shortly before he was overthrown and shot. His new non Jewish mistress was shot. Mussolini's son or daughter had Jewish lovers. Jews also were in the vanguard of socialism the labor movement democracy and capitalism. See The Jewish Contribution to Civilization by Cecil Roth and the Jewish Connection by Hirsh Goldberg. Anti-Semites always were able to zero in and blame ALL Jews for the fault -in their eyes - of one or a few Jews who espoused the wrong ideology. When the Renaissance blossomed Jews were blamed that Christianity took the Old Testament and therefore all Jews are to blame. Hitler changed the maternity of Jesus . Hitler converted Jesus to be a Syrian born from a Syrian -not Jewish mother. Paul from the New Testament was banished since Paul decreed that Jews are not to be killed. See G-d Jews and History by Max I. Dimont. It was precisely because Jews contributed in all fields of social and physical science in Europe that precipitated the holocaust. See Prophets without Honour by Frederick Grunfeld. Europe would never have reached the level of scientific achievement if not for the Jew. The more the Jew contributed to improve Europe and as result the Jew excelled and was rewarded , the greater the envy jealousy and the mortal lies invented to destroy the Jew.

THERE EXISTS A CORRELATION OF THE JEWISH CONTRIBUTION TO CIVILIZATION AND THE HOLOCAUST. THIS STUDY TAKES THE CORRELATION FURTHER. IT DEMONSTRATES THAT THE BESTIALITY AND MURDER OF THE JEW WAS MATCHED WITH A THOUSAND AND ONE MURDER OF NON JEWS BY EUROPEANS. See the Anguish of the Jew by Father Edward J. Flannery and Faith and Fratricide- the Theological Roots of Anti-Semitism by Rosemary Reuther.

In the 1800's the Czar ordered the kidnaping of Jewish children from age eight and older . These children were called Cantonists. They were drafted into the Russian army for 25 years. During this time they were subjected to beatings and torture and forced to

convert to Russian Greek Orthodox Christianity. . Even with out war only half survived and returned after 25 years. Many converted their non Jewish wives and children back to Judaism. Many non Jews were influenced to adopt Judaism . There existed instances where individuals who themselves participated in looting and killing Jews had a change of heart and converted to Judaism. Some became unitarians or other sects that denied the Trinity. Many imigrated to Canada the USA or Central and South America. Some became Jews and immigrated to Palestine and helped prepare the building of a Jewish state. The Czar's government used to burn at the stake those non Jews who converted to Judaism as well as any Jews whom they suspected influenced them to convert. See Gentile Reactions to Jewish Ideas by Raisin pages 182-203.

Thus public burning of Jews and non Jews were not only restricted to Spain and Portugal. In addition to burning Jews and non Jewish renegades and apostates the Europeans burned the Talmud on numerous occasions 1n 1240 in Paris then in the 1300's; again in the 1400's and the last time in 1757. They reasoned that if the Jews were deprived from the sources of Judaism they would convert. In Spain Portugal and Italy Jews were forced to attend church and listen to the sermons of priests bishops and even the popes to convert and accept Christianity. Jewish scholars were forced to engage in debates with Christian priests and renegade Jews who adopted Christianity - in front of the entire Jewish community and also in front of the kings and queens. If the Jewish scholar destroyed his antagonist who was ignorant of Jewish law , the Jew would be killed. If he lost there existed a chance that the community would convert. It took great skill and diplomacy to maneuver the Christian side into a position that they could still be awarded as winning but to demonstrate their ignorance. See Otzer Havekuchim Polemics and Disputations by J. D. Eisentein. The Ramban was awarded a great monetary prize by the king of Argon Spain in the 1200's who sent him a note stating that never did he witness Judaism -a false religion- defended with such elegance great skill and scholarship. The Ramban who was a great physician philosopher and Jewish scholar soon left Spain and settled in Israel. The Church took all these measures because forced conversions were against ecclesiastic Church law.

The Russian government in the 1800's also interfered with the education of Jewish students. They forced the authorities to teach subjects taught by teachers who were not Jewish or irreligious Jews called the Maskilim. In that way they hoped they would wean Jews away from the study of the Talmud and away from Judaism. All these tactics and

edicts failed.

In Western Europe especially in Germany led by Mendelsohn in the middle and late 1700's secular education and philosophy was introduced . The Reform movement began in the late 1700's and early 1800's . Their purpose was to make Judaism easier by throwing out many of the rituals. In that way they hoped Jews would be accepted by the Europeans. The Orthodox Jews under the influence of Shmson Rafael Hirsch in Germany adopted Torah im Derech Eretz. They obtained a secular education in the university complemented with a great Torah education. The Seminary in Berlin produced Orthodox Rabbis who had PHDs and Smicha - Rabbinical ordination.

The Europeans also burned all translations of the Bible Old and New Testament that were translated to the vernacular . Europeans were petrified lest people read the Bible and interpret the Bible differently from the official line that kept the people obedient to the state and church. See Gentile Reaction to Jewish Ideas by Raisin and Jews G-d and History by Max I. Dimont.

The Russians refused to permit Jews to live in mother Russia. They were restricted to the Pale that is Poland even when Russia occupied and annexed Poland. This in effect was another ghetto. They were petrified that the non Jewish peasants would adopt the Jewish attitude and philosophy of life of equality of all men and the dignity of all humans. The Jews were granted semi autonomous status . They were a government within a government. Such was their status in most of the countries where they were granted permission to live. They were not given the rights of citizens. When the French granted citizenship to Jews in 1799 , Napoleon assembled all the Jewish notables to form a Sanhedrin and requested to know if they would accept the supremacy of French Law. The answer was positive. Then French Jews no longer had their autonomy in jurisdiction. In the 1800's the Czar tried to remove the right of Jews to their own jurisprudence with out granting them citizenship. The Jews managed to evade such edicts.

Both Poland and Russia kept their surfs ignorant and locked up in the large feudal estates . With the Jews they were safe. No one would accept Jews as kings. The Poles and Russians were right - in 1790 the French middle class rebelled. The French Revolution was a product of the middle class and the renaissance. The Russians did not have that problem . However the poor class revolted in 1648-1650 with the Cossacks killing hundreds of thousands of Russians and 100,000 Jews. They revolted many times

again in the 1800's and 1900's . In 1917 they again revolted in the Communist revolution that over threw the Czar and established the Soviet Union. It lasted from 1917-1990. Now the Russian Federation and several other nations one of them is the Ukraine have taken its place. Jews until the 1700's and 1800's were well treated. Some pogroms are recorded in the 1600's . Then pogroms and blood libels started to plague the Jews. When the Czar was overthrown Judaism , as well as ,other religions were outlawed. But Anti-Semitism was strictly forbidden.

Similarly Portugal and Spain in the 1500's passed legislation outlawing Moranos who now had converted to Christianity to occupy top posts in the army or clergy or to marry the nobility or wealthy families unless they had pure Christian blood for the last five or ten generations. Hitler did the same in Germany in 1934 . Once they no longer were needed the Jews were expelled. This was especially true in medieval times in Europe- England France Germany Spain and Portugal between 1290 and 1500. . Jews then went to those countries where they were needed- Poland Russia Holland and the Muslim countries. Hitler when he did not need the Jews killed them.

It was the emperors and kings where Jews were extended the privilege of living who protected them from the mobs. Over six or seven million . Jews lived in the Roman Empire before the Second Temple was destroyed by Rome following the Jews' rebellion in 70ACE. See Will Durant Caesar and Christ page 545-555. The Romans granted the Jews all rights as citizens and freedom of religion even after the revolt. Yes, they were exiled from Israel but they enjoyed the protection of the law. The Christian emperors followed these laws and extended protection to the Jew because the Jew was a very valuable asset. . This was true until the Middle Ages. Then the non Jews replaced what the Jew offered and the Jew no longer was needed. So he was thrown out for his own protection from the blood thirsty mobs. When the Jew was needed and there existed a strong ruler he would hang the ring leaders of the mob or else chop off their heads . Then quiet was restored. The Jew was viewed as the devil himself capable of the most heinous crimes. He was accused of kidnaping Christian children kill them and use their blood for the Matzos on Passover. The King of France in the 1200's convened a conference from converted Jews to Christianity inquiring if there existed any truth to this canard. They unanimously informed him that Jews are forbidden to consume any blood even from animals and certainly from humans. He then hanged the ringleaders who organized pogroms and killed Jews on this fraudulent charge. The Jews from England had been banished in 1290 on this canard plus the fact that some of them were charged with counterfeiting coins which also was false.

See Jews G-D and History by Max I. Dimont page 229,230,230. When the need for the Jew emerged the Jew was readmitted. Thus they were expelled from a feudal and Catholic England in 1290 but readmitted to a Protestant capitalistic England in 1655.

They were expelled from a feudal Catholic France between 1400 and 1500 but readmitted in the seventeenth century by a reformed Catholic and mercantile France. They were expelled from the various Feudal German states in the fourteenth fifteenth and sixteenth century ; but readmitted in the sixteenth and seventeenth centuries by mostly Protestant mercantile German states. These kings needed Jewish talent so they protected the Jew. See Ibid page 235.

At times the canard was that Jews are defiling and destroying the holy wafers used in the communion sacrament. The lie was used that these wafers shed blood -in a miracle after the Jews defiled them. In those countries that the kings did not intervene the entire Jewish population were killed and all their possessions were confiscated and shared by the mob. Even the Pope one time intervened and issues a bull -a special edict forbidding making such false accusations. When the black plague struck Europe in the Middle Ages the Jews were accused of poisoning the wells. Hundreds of thousands Jews were slain while tens of millions of Europeans died from the plague. Instead of seeking scientific causes and cures, the Europeans relied on their prejudices and biases. See A History of the Jews by Solomon Grayzel chapter 4 pages 339-358.

When the “superior” European believed that he no longer needed the Jew and could exile or kill him; he in effect buried himself. Hitler lost the war because he believed blindly in his “religion of the superiority of the Aryan.” He exiled or killed all Jewish scientists. These men helped the Allies DEVELOP THE ATOM BOMB. Hitler sneered at Jewish math physics and medicine. He threw out such men as Einstein and Freud. Einstein helped develop the atom bomb. Israel wisely gathered all Jewish talent in 1948 when it declared its independence. Israel was in possession of the atom bomb before 1967. In 1973 Israel was prepared to use it against the Arabs when they surprised Israel in the Yom Kippur war.

The Jew may be a fraction of the billions in the world but G-d granted them wisdom to survive.

Would the Church have wanted all the Jews dead they could have given such orders and there always existed millions of anti Semites who would have gladly executed every Jewish man woman and child. Such an order was given by the church in 1100-1200 AD to execute every man woman and child in the South of France to destroy a dissident community- in order to quash a schism. Historians estimate that over 1 million Frenchmen suspected of being Albigensians-the name given to this heretical sect- were slain and all their property was confiscated. The highest estimate of Jewish casualties over the 200 years of the Crusades 1100-1300 was 100,000 Jews. See Jews God and History by Max I. Dimont page 225 at bottom.

Yes laws were passed making Jews 10th class citizens- depriving them of all their civil rights depriving them from engaging in commerce - to be merchants , or to be craftsmen they were banned from joining the craft leagues .

This was done in order to eliminate all Jewish competition Jews were forced to engage in lending of money charging usury .

Jews in certain periods of history engaged in any field not prohibited to them For many years they were the merchants who connected the countries in Asia with Europe .

Jews spoke many languages and were able to be the middleman in trade between countries in Asia and the Middle -East and Europe. Jew because of their co-religionists had the connections with the merchants and businesses in the Moslem world They had excellent relations with Moslems and because of the Jews trade was facilitated between Moslems and Christians.

In other periods of history this avenue of livelihood was taken from the Jew. Then Jews were forced to engage in lending of money charging usury .

.Jews were confined to live only in ghettos . Jews were evicted from whole areas of a country as happened in Russia in the 1800s . In other countries Jews were thrown out completely. This happened between 1300-1600 in England France and Germany.

However in many or most cases they were not killed . The murder of Jews was an exception but not the rule, All this was because of the prohibition enacted by Paul the founder of the Trinitarian creed , who himself was a born Jew . Yes pogroms of Jews were repeated in too many countries; but the mobs were tamed by the church .

Such tactics would have forced other people to become completely demoralized and commit physical and certainly spiritual suicide. However the Jew ever loyal to his commitment to Torah grew by light years spiritually during all these travails. During the period of 400AD to 1800 AD Jewish scholarship generated millions of commentaries on the Talmud and responsa . The greatest advances in Jewish philosophy and medicine

and science were contributed by Jews. Maimonides and Nachimides were both giants in Torah scholarship philosophy as well as medicine. Their books in all three discipline are available and read to this day.

In some or many instances church officials fomented the pogroms massacring Jews. If 10% or 20% or 30% or 40% or 50% of Jews survived the Jewish people must count our blessings. If it was not for the church there would be no survivors of Jews in Christian controlled countries. Anti-Semitism was so strong that the accepted thing was to hate Jews. The Church tamed the hate and prevented the mobs from murdering all the Jews.

On the one hand the Church encouraged the hatred with its message that Jews were to be in a wretched state -10 th class citizens -for not acknowledging Jesus as the son of G-d . The Jews would serve as witnesses to the truth of Christianity. On the other hand Paul forbade the killing of the Jew ;otherwise the witness would be killed. St. Paul inaugerated the first witness protection program.

This concept was a lightning beam of genius. It satisfied the anti Semites . It vindicated Christianity and provided Christians with an other weapon against the other competing middle Eastern and Asian religions called the Eastern mysteries who also employed the concept that G-d has another son or sons and daughters that together govern the universe. Now Christianity had the edge over them .None had a whole nation -the desperate position of the Jews to display as proof that their religion was the truth . Since Jesus was born from Jews, Jews could be blamed why they did not accept him. Budhists could not implore Jews why they do not embrace Budah.

This concept was a streak of genius. It worked to save the lives of many Jews.

However, the Church is eternally guilty for not saving ALL the

Jews.

The Church always had the power to save all the Jews. They chose not to do so . In the days of judgement

before the ALMIGHTY

the Church officials will plead that they genuinely practiced their belief in Christianity. G-d will forgive them for everything; but

never

why they did not exercise their power to protect every Jew.

All this does not bring one Jew back.

The only solution is to have Jews retain power AND CONTROL OUR OWN DESTINY in Eretz Yisroel to protect OURSELVES.

St. Paul explicitly ordered that no Jew is to be killed.

The church always had the power to judge and punish its own priests and officials. The Church did not hesitate to burn at the stake hundreds of thousands of dissidents during the inquisition.

Why not try for murder any one certainly any Church official who foments pogroms and innocent Jews are killed !!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

When the allies during the holocaust failed to save 6 million Jews they had a perfect precedent -the Christian Church for 2000 years! !!!!!!!!!!!!!

YES , 6 MILLION Jews were murdered by the Nazis, but 12 million Jews remained in the rest of the world!!!

Yes, we are thankful that at least 12 million remained, but over all --this situation that Jews were open game to be killed that existed for 2000 years is not acceptable.

Now in 2007 when the entire world witnessed a miracle- the renaissance of the Jewish people in Eretz Yisroel- Israel it is a crime if any human and especially

Jews rest even one minute to prevent the anti Semites to proceed with their deadly lies to question the legitimacy and right of a Jewish Israel. Israel belongs to the Jews because G-D Himself proclaimed so in the Bible. The United Nations ratified part of the the Balfour Declaration that the League of Nations accepted in 1920 and appointed Great Britain as the mandate power that Jews should be given Israel. Great Britain using its imperial powers carved out over 80%of the mandated portion of Palestine that was intended for a Jewish homeland and created an Arab country -Jordan. Great Britain in order to pacify the Arab resistance to Jewish immigration limited Jewish immigration . This was done in order to prevent one hundred million Arabs-in the Middle East from revolting against Great Britain and prevent or at least hamper British imperial goals in the Middle East , as well as , in Asia-India and Pakistan that contain 100 million Moslem. Plus the fact that Saudi Arabia -an Arab country as well as Kuwait and Iraq contained the largest reserves of oil that provides the fuel and life blood for Great Britain and Europe. Great Britain looking out for its interests primarily shaped its policy regarding the Jews and Palestine and favored the Arabs because doing so favored its national interests.

In retrospect the looking back in 2007 the election on the part of Great Britain in carving out the Eastern part of the mandate and create Trans Jordan proved to be a blessing in disguise. THE Jewish population in 1920 in Palestine was 30000 Or 400000 and had its hands full coping with the problems of developing a future state of Israel. Would Great Britain not have created Trans Jordan and a radical Arab Regeme would have arisen Israel today would have had insurmountable problems. Thanks to the fact that Trans Jordan was created Israel today has a country that recognizes Irrael and is the most frienly to Israel today. ISRAEL SINCE IT WAS CREATED HAD THE LEAST PROBLEMS WITH TRANSJORDAN NOW KNOWN AS Jordan. This is true even though Jordan attacked the nascent State of Israel in 1948 grabbed Yehudah and Shomron and the old City of Jerusalem and annexed it to itself calling itself Jordan Not until the war in 1967 did Israel recover the territory of yehudah and Shomron and the old City of Jerusalem creating the unified Jerusalem -the 3000 year old capital of Israel.

IT MUST BE RECOGNIZED THAT European antagonism to Israel stems not from anti Semitism , but rather from the fact that thae Europeans are more intersted in their own national interests that are better served taking the side of the

Arabs at the expense of the Jew and Israel.

The first step in treating any problem is to have the proper diagnosis . Then a solution can be proposed. I am not privy to all the facts and resources available to Israel so I leave it up to the Israel to propose and experiment with solutions that will enable them to co-exist with the Palestinians and the rest of the Arab world with the help of G-d.

From the Jewish perspective the British were seen as working hand in glove with the Arabs rewarded the Arabs every time they killed Jews in pogroms like in 1929 in Hevron and in 1936 -1939 by limiting Jewish immigration and then stopping it all together. They prevented millions of Jews to escape the Nazis. THEY WERE ON THE SAME PAGE AS THE Nazis. They share the blame for 6 million murdered Jews. The balance after the theft of Great Britain the United nations in 1947 wanted to divide up between the Jews and the Palestinians. The Palestinians refused. Israel fought 6 wars .4 wars with the Arabs -Egypt Jordan and Syria and 2 wars with the terrorists. Israel won.

It is the greatest crime now if all decent humans do not counter and defeat the propaganda war waged by anti-semites to weaken the support of the USA for Israel against the traditional anti Semites in Europe and among the Arabs.

Never mind that Rome was over run by the Barbarians in 500-600 AD St. Augustus wrote a book titled the City of G-d to explain Rome's defeat at the hands of the Barbarians even though Rome and its citizens had accepted Christianity. Why then were the Christians faced with the same defeats and shame and disgrace as the Jews? The Jews were defeated according to the gospel because they refused to accept Christ. Why then were the Christians in Rome defeated when they did accept Christ? This situation was even more embarrassing when the Romans who were now Christians were defeated in North Africa by the Moslems and seized half of Spain BY 750 AD The Moslems also seized Palestine and Jerusalem by 750 AD It was not until 1000 to 1300 AD that the Christians rallied to wrest Palestine from tht Muslims. At the end -after the murder of millions of Christians Muslims and Jews who were killed in France and Germany by the Crusaders were the Christians defeated. Turkey a M oslem country held Palestine Syria Lebanon Saudi Arabia and the entire Middle East until Great Britain and France Christian countries defeated them in 1917 -1918 and established their hegemony in that area.
